

A Call for America to Turn Back to God

Whereas America's founding documents and historical landmarks are filled with respectful references from the Scriptures (ex. "endowed by their creator"); and

Whereas America's founders clearly articulated a significant dependence upon the God of the Bible giving him credit for the success of the American experiment ("in God we trust"); and

Whereas we have witnessed a steady decline in the moral and spiritual health of our country; and

Whereas the decline of the family and the church goes hand in hand with the forsaking of religion demonstrating that a growing number of Americans think they no longer need God (Proverbs 14:34); and

Whereas even political parties that once embraced biblical principles are distancing themselves from those principles once respected in the past; and

Whereas the recent presidential debate being symptomatic of where our country is headed, there being not one reference to God or the need for assistance outside of ourselves (Psalm 9:17);

Be it therefore resolved that the messengers of the Pennsylvania Association of Regular Baptist Churches, meeting September 16-17, 2024, hosted by Bible Baptist Church of Quakertown in Sellersville, PA do hereby declare that the challenge God gave to King Solomon for Israel in 2 Chronicles 7:14 would benefit America through the testimony of believers.

We further resolve to set the example of humbling ourselves, praying, seeking God's face, and turning from our wicked ways in repentance.

We also resolve to return to a Bible-centered lifestyle.

We finally resolve to seek God in such a genuine way that we will be willing to make sacrifices in order to see His mighty hand at work in our hearts, in our families, in our churches, and in our nation.
